

# SOLAR POWERED FLAT MARKER

## Specification

### Model No : GAFM (II)

**Solar Panel** | Type : Multi / Monocrystalline  
Operating Voltage : 3.5 V  
Operating Current : 150 mA

**Battery** | Material : NI-MH  
Operating Voltage : 1.2 V  
Capacity : 1800 mA  
Operating Time : 12 hours at Night

**LED** | Visibility : >500m  
Luminance Intensity : 9000mcd  
Colour : Red / Amber / White  
Flash Rate : 200± min  
Flashing Type : Steady, Flashing  
Quantity : Double side or Single

Material : Upper Parts : Clear PC ( UV Coating )  
Lower Parts : Aluminium Alloy

Operating Temperature : -40°C to 70°C  
Fixture Body : Diameter 140mm x Height 50mm  
Weight : 950g

Application : \*Pavement Shoulder Indicator  
\*For Ramps , Bridges , Ports ,  
Railway Station ,  
Center Divider Edge Indicator , Etc.
