

Solar Powered Crossing Sign

Specification

Model No : GACS

Solar panel

Type : Mono / Multi Crystal

Voltage : 12v

Operating Current : 330 mA

Operating Power : 5000 mW

Battery

Material : Lead Acid

Operating Voltage : 6V

Capacity : 24 AH

Operating time : 12 or 24 hours

LED

Visibility : >500m

Colour : Amber / Red

Flash Rate : 50 - 80± / min

Flash Type : Synchronized or Running

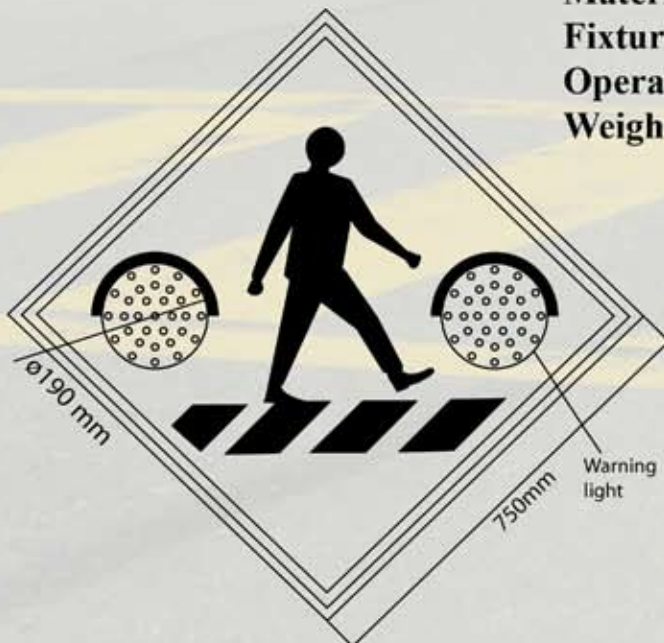

Qty : 62 pcs (ø10 mm)

Material : E.G Powder Coated

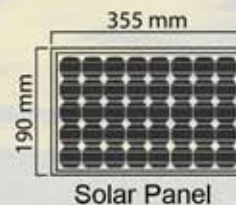

Fixture Body : H 750 x L750 x W 53mm

Operating Temperature : -40°C to 75°C

Weight : 20 ±kg
