

Solar Powered Obstruction Marker

Specification

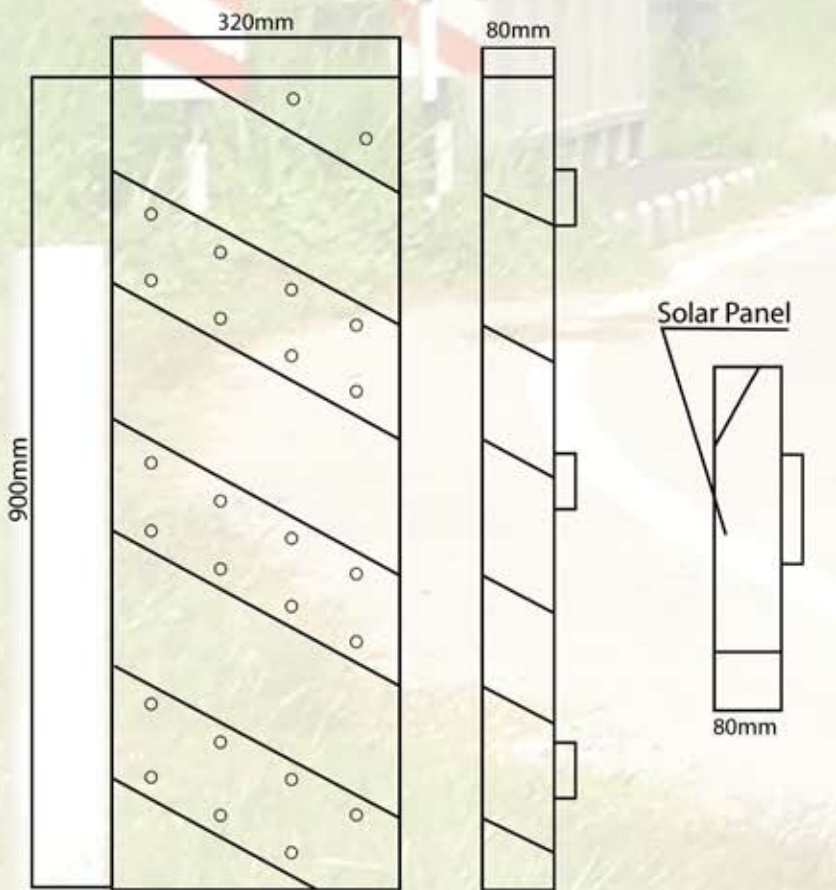

Model No : GAOM

Solar Panel	Type : Mono/Multi Crystal
	Operating Voltage : 9V
	Operating Current : 3000mA
Battery	Operating power : 2500mW
	Material : Lead - acid
	Operating Voltage : 6V
LED	Capacity : 12AH
	Operating Time : 12 hours At Night
	Colour : Red / Amber
	Flash Rate /min : 120±
	Quantity : 25pcs

Material : E.G Powder Coated

Operating Temperature : -40°C to 75°C

Fixture Body : H 900 x L 320 x H 80mm
